2 Paid Internship Opportunities with Zenobia Fragments

Zenobia Fragments is a division of Zenobia Therapeutics founded in 2008. They have been working in the fragment field for over 20 years and support academic labs, small biotech and large pharmaceutical companies. Their products have a reputation for quality and yielding reliable hits that can be converted into lead compounds.

What: Zenobia Therapeutics is looking for someone who could work between 10-20 hours a week. The schedule is flexible and the hours can be complete any time between 8am-6pm. They are looking for someone to weigh compounds, help assemble their fragment libraries, make buffer solutions, help with protein purification, wash dishes, and other labs tasks.

Qualifications: Basic lab skill and willingness to learn.

Compensation: $10 per hour.

To Apply: Please send your resume (and recommended cover letter) to Erika@zenobiatherapeutics.com.
