Assistant Professor of Chemistry

The Stockton University Chemistry Program is seeking to fill a tenure track position, at the rank of Assistant Professor, in the area of Analytical Chemistry for September 2018. Teaching duties will include courses in quantitative analysis, chemical instrumentation, general chemistry and general education. The successful candidate must demonstrate a dedication to excellence in teaching, and a commitment to research that is appropriate for an undergraduate department. Expertise in chromatography is of particular interest.

**Responsibilities:** Candidates will be expected to develop a laboratory-based research program involving undergraduate students. Excellent teaching, service and scholarship are expected. Teaching load is 12 hours each semester and typically consists of lecture and lab sections. All Stockton faculty members are expected to demonstrate, through past accomplishments and actions, the ability to support Stockton University’s diversity commitment and strong student-centered vision and mission.

**Minimum Qualifications:** PhD is required for appointment as an Assistant Professor

**Preferred Qualifications:** Teaching and/or postdoctoral experience is desirable.

Salary Commensurate with experience
