

CHEMISTRY (CH25)

The Chemistry major provides a broad introduction for the biochemistry, organic, physical, or inorganic student as well as those who prefer not to specialize. This major will enable a student to pursue further studies in chemistry or in related fields of science, medicine, or engineering.

The plan below assumes completion of the Transfer Major Preparatory coursework.

| | Fall Quarter | Winter Quarter | Spring Quarter |
|----------|--|---|---|
| YEAR ONE | CHEM 120A MATH 20C PHYC 2C or 2D PHYS 2BL, 2CL, or 2DL | CHEM 120B CHEM 114A CHEM 100A | CHEM ELECTIVE MATH 20D CHEM 143B |
| YEAR TWO | CHEM 130 CHEM ELECTIVE LAB | CHEM 131 CHEM ELECTIVE CHEM 105A | CHEM 132 CHEM ELECTIVE CHEM ELECTIVE LAB |

LABS ARE BOLDED: Enrolling in a chemistry lab your first quarter at UCSD is not recommended nor is taking more than one lab per quarter.

[Some courses are offered only once or twice per year.](#)
